During the hottest school opening in recent memory, with temperatures reaching 106 inside, students flock back to WHS to begin the annual September rituals. Popular activities include schedule changing, locker stuffing and classroom hunting, not to mention the search for new and exciting faces. We found that our CTBS scores were returned over the summer with a 7% increase over last year. Mr. Karkosak was voted Delaware's Principal of the Year by other Delaware principals. An honor he duly deserved. Our teachers continued to gear up for Middle

States evaluations and worked with students to plan a spectacular homecoming week.

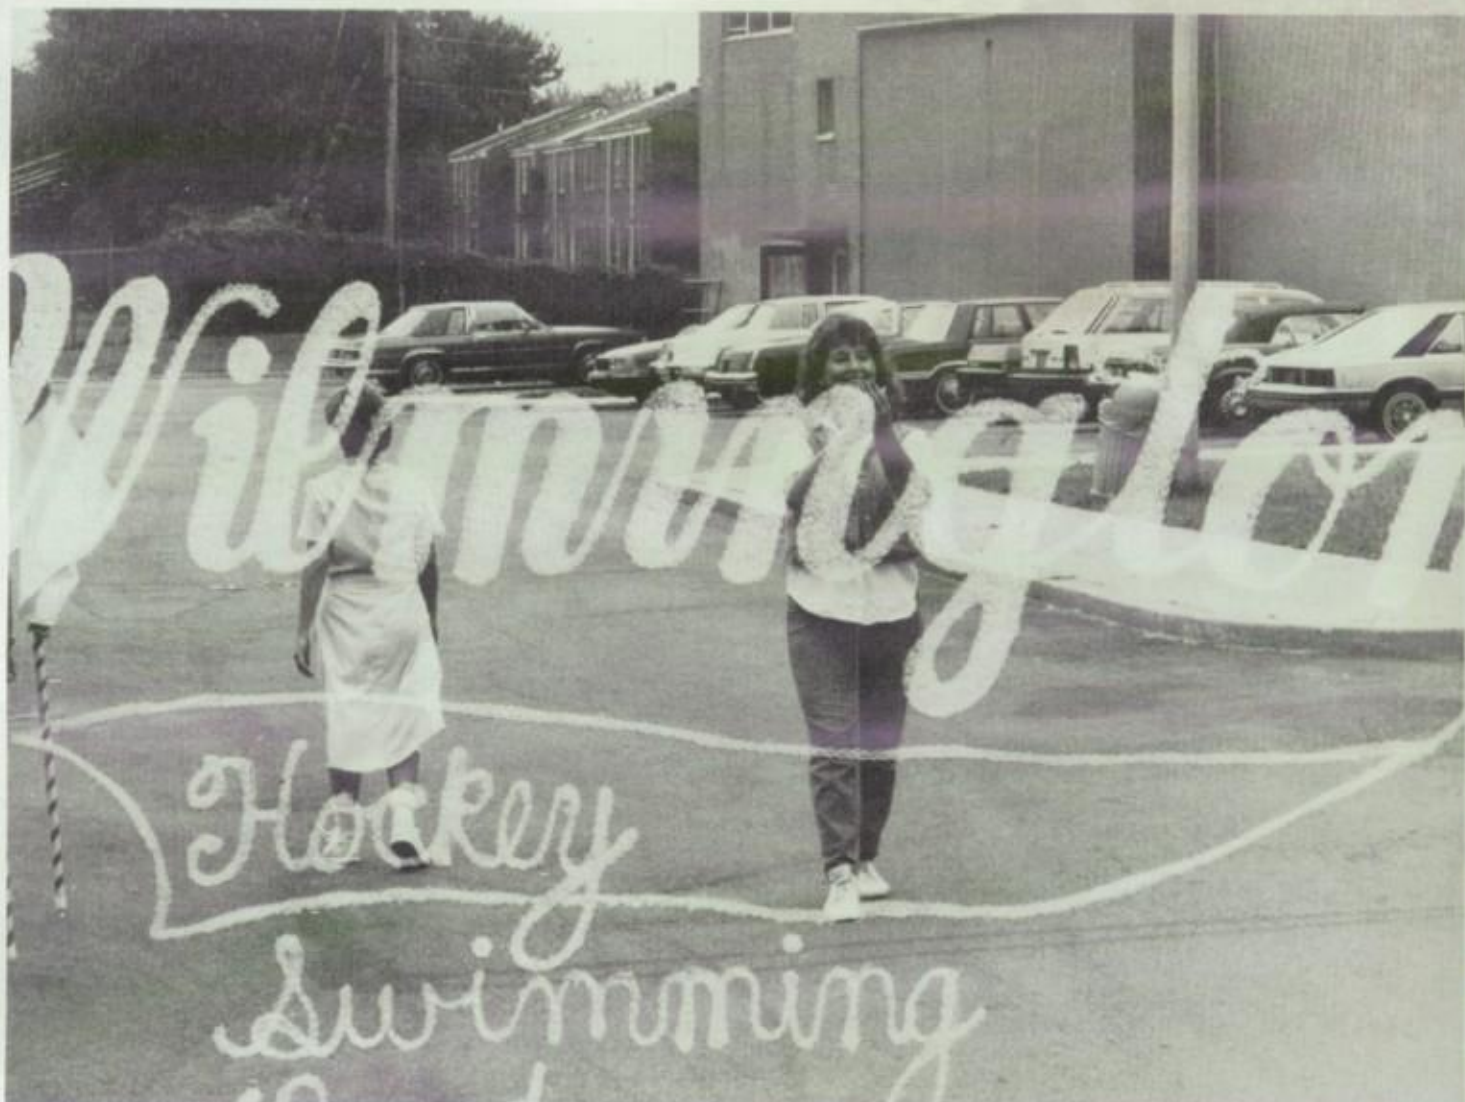

Spirit abounded as students organized themselves earlier than ever this year with class elections and a very competitive Student Council election. Fall sports teams prepared for a tough season with long practices. Seniors sat for the cherished senior portraits and the juniors gathered to admire and turn class rings. Sophomores helped the freshmen find their way through our halls, remembering how it felt to be new here.

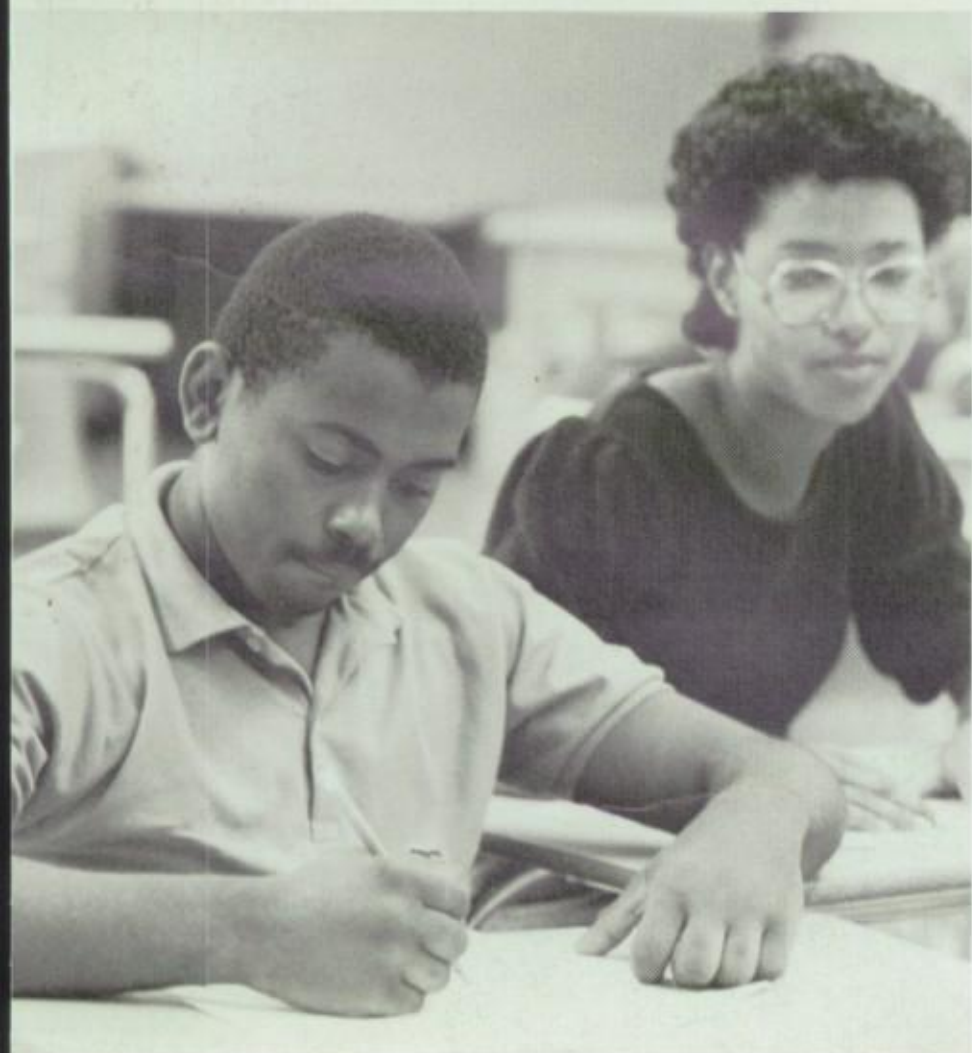

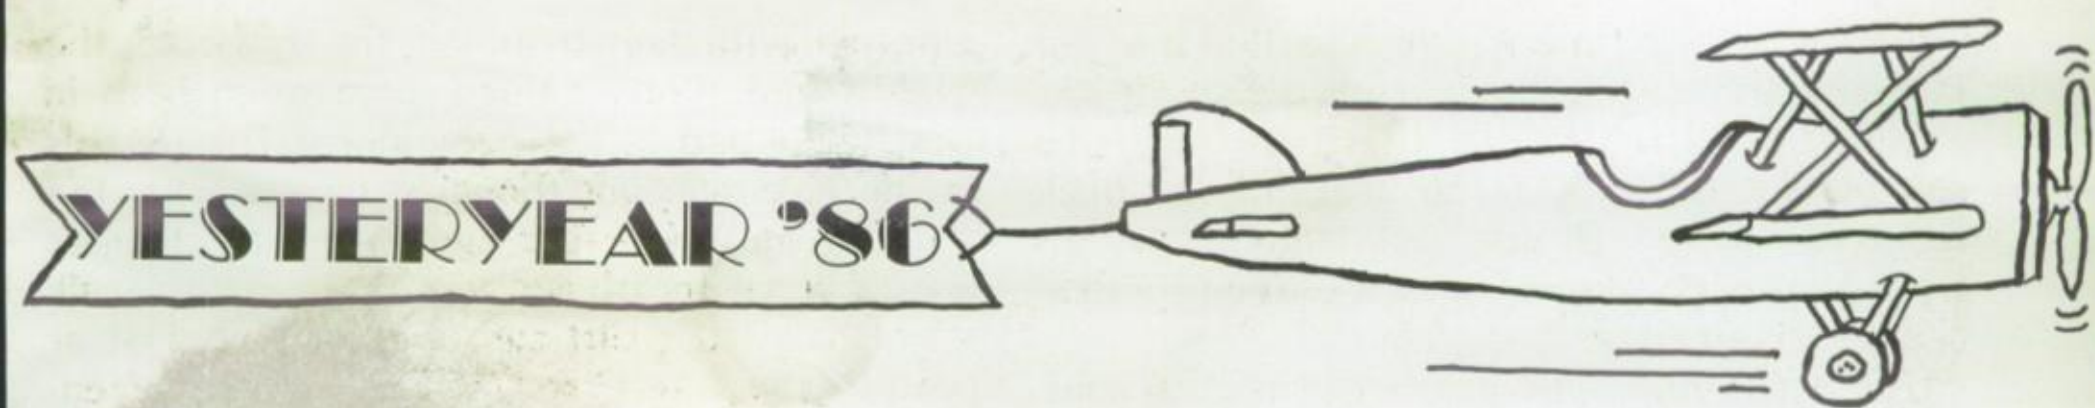

Just about the time we were settled into our studies and activities, hurricane Gloria was upon us resulting in our first day off from school. Not to be deterred, we bounced back quickly. The new Drama Club began rehearsals for "Teen High Terror" and the Young Astronauts formed their new club.

The big event of the year was the 25th anniversary of our school at Lancaster and duPont Road. As we celebrated the anniversary in con-

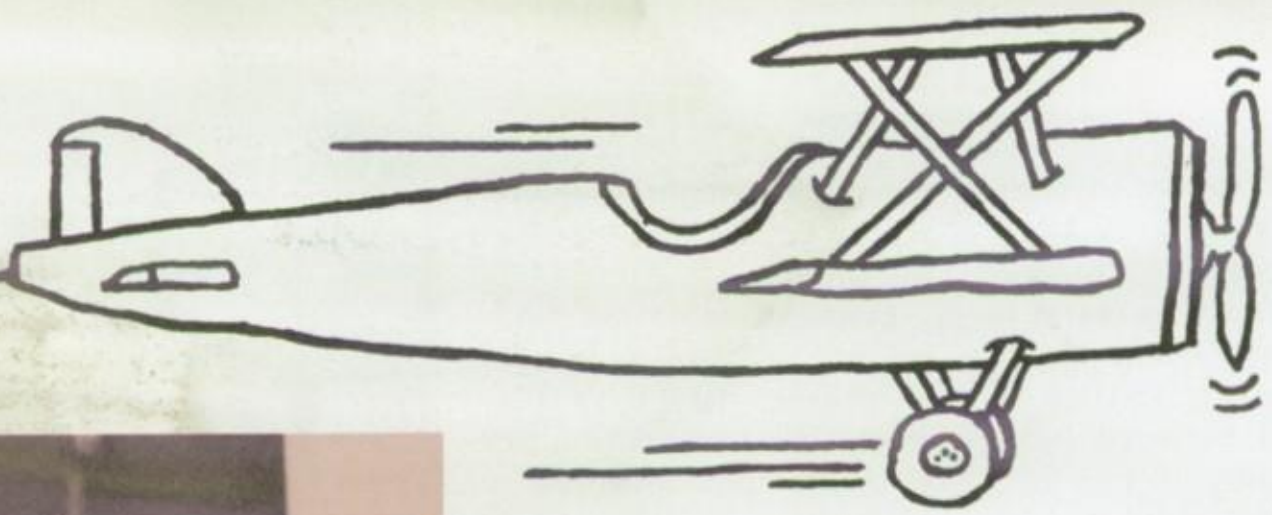

junction with homecoming, the spirit of the Cherry and White gained momentum both in the school and in the community. During this memorable year our thoughts turn to what life was like at WHS years ago and what changes are in store for those who have yet to walk these halls. It is difficult to relive the past or predict the future so, for now, we'll concentrate on the present . . . today . . . tomorrow's yesteryear.

STUDENT LIFE

TRENDS

When it comes to fashions or trends, today's teens have an open market to choose from. As tastes in music range from rap to heavy metal, tastes in clothes fall between preppy and punky.

One of the most popular trends is the earring. For both boys and girls this can mean one or more in either ear, varying in length, shape and color. If you aren't into a dozen earrings how would you like 40 bracelets on one arm? Soon

these girls might find one arm to be much longer than the other.

More students are finding that dressing up in suits or dresses fits their lifestyle. Girls are wearing ties as a dramatic addition to an outfit.

Trends today often break the old "rules" of dressing. Different prints can be worn together and colors are bright and splashy. It seems that anything is acceptable.

LIFE AFTER 2:30

Have you ever wondered where WHS students go after 2:30 pm? Believe it or not there is life after school.

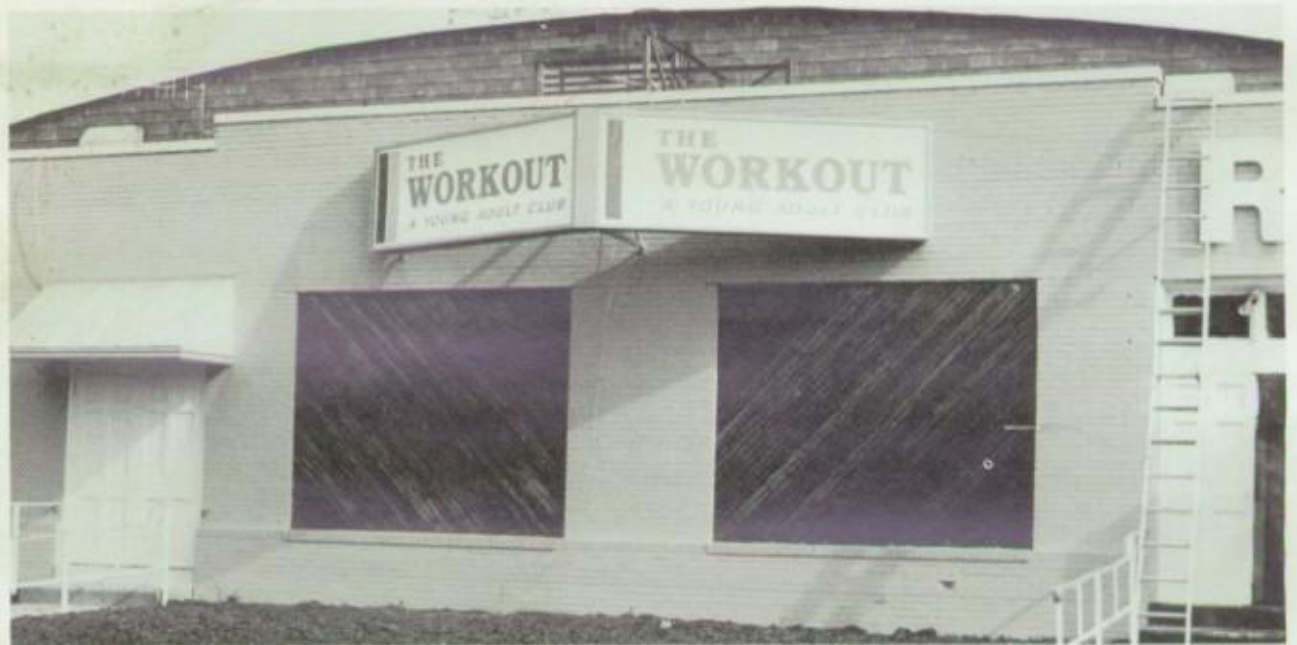

Those students who are involved in sports can be found practicing on the fields or in the gym. Many Devils work after school proving that "Wilmington Works" day and night. The

Workout (formerly the Alley) is a common hang-out for students. It offers a chance to meet others outside of school as young adults gather to socialize.

Wilmington has many parks for us to enjoy. Students in the city might be seen at a concert at Rockford Park. Elsmere friends

meet at Banning Park. A quiet walk by the river at Hagley Mill is a great way to spend an afternoon.

Another place for recreation is home. Sometimes it's nice to spend time with your family or read a good book. Then again, some of us need to just rest from all of school's busy activities.

ON THE MOVE

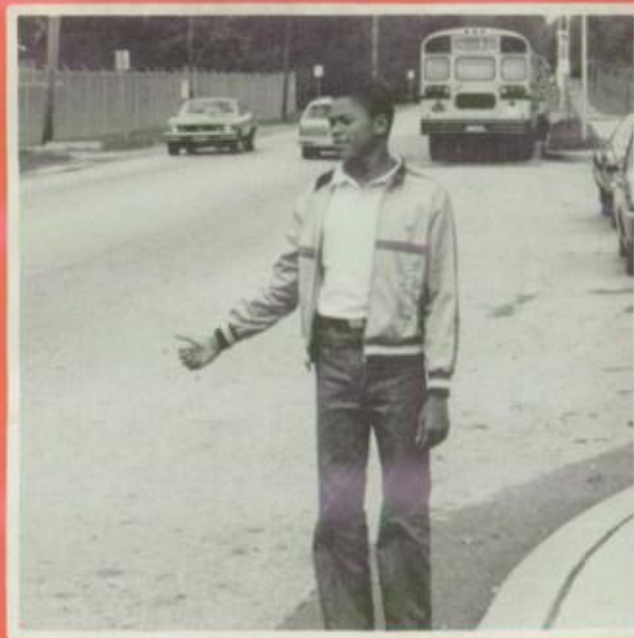

WHS students are finding new and exciting ways to get around these days. Cars are probably the most important element in a teenager's life. Ranging in style, age and color, the one thing all cars have in common is the provision of great music and a social life. Not to be left out though, the rest of us get from point A to point Z in many ingenious ways.

The wheelchair is a great means of transportation. What luxury, having some-

one else do all the work. They don't come equipped with radios though.

Bikes or motorcycles add another dimension to travel. Neither one offers protection from the elements or other vehicles.

Hitchhiking is an alternative that is not recommended. Not only is it dangerous but it's illegal. Besides, it isn't great on dates. The bus is also available and sometimes it's the easiest way to be moving on.

DECISIONS, DECISIONS

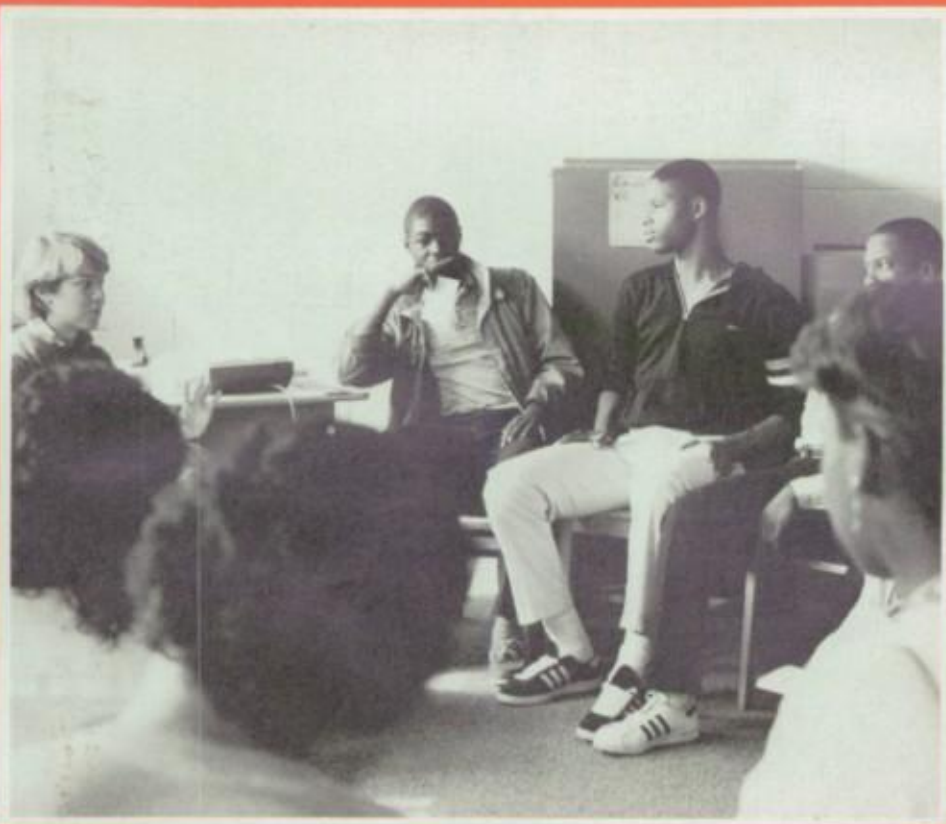

Decisions are something that we are faced with everyday. We all make more decisions than we realize. Not all of them however, are extremely important. Your first choice to make when the alarm goes off is whether to get up or get five more minutes of sleep. Next it's the struggle to pick out an outfit to wear.

Once you get to school you're faced with hundreds of decisions to make. Some-

times your freinds don't make it any easier for you. The temptation to visit Deerhead is very strong, so is the smell of french fries. Knowing full well you belong in class, you stay in school. A smart choice as you avoid Mrs. Wohlken's question, "Are you here on a mission or cutting class?"

Aside from everyday decisions we also make many choices that have a more permanent affect on our

lives. Choosing between college or a job can really be confusing. Priorities must be established and it takes time to think things through. Being able to talk to parents, teachers and friends is a great relief. Teenagers shouldn't feel that they have to solve their problems alone. There are many people willing to listen and help. After all everyone has had a difficult choice to make.

SPIRIT WEEK FOLLIES

The homecoming festivities began this year with the annual Spirit Week. Each year students at WHS go all out to dress up. The dress code changes each day and prizes are awarded for the best outfits. On Thursday afternoon during that week, students from each class gather to transform their hall into a spectacle of cherry and white. The hall with the best theme and decorations wins. The sophomores were victorious this year. The final event Friday afternoon is the pep rally. Designed to generate lots of spirit and enthusiasm for Saturday's big game, the rally offers a wide variety of activities. The queen is crowned at the game and the Homecoming Dance Saturday night ends a perfect week.

Top: WHS students shine on Dress Up Day. Right: Mrs. Wohlken poses with Rolanda Smith and Glenda Russ. Both girls dressed up everyday for Spirit Week. Above: Mrs. Stranahan's health class shows off for Clash Day.

Left: Danny Martinez helps to put the freshmen message up in their hall. Above: Michelle Agostini and Eva Hughes cut out the decorations for the junior hall.

Pep rally antics include the Battle of the Fall Sports, the traditional Homelycoming, cheers and the introduction of the fall teams.

The Homecoming Dance Saturday night is the final activity of the big week. WHS students turn out in their finest dress for the event of the fall.

FROM JUNK FOOD . . .

The health food craze of the late 70's has fallen in popularity, at least among teenagers. Junk food is becoming more of a regular habit rather than a treat. Teens and adults love to indulge in a favorite munchie practically everyday.

But what about those people who eat whole meals of junk food? Think of all of the pounds of candy, chips and sodas you've eaten in the past year. It really adds up! The average teen devours loads of junk food a year, spending hundreds of dollars. Many young adults think of themselves as in-

vulnerable to the harms of eating non-nutritious foods. As good as it tastes, a diet of mostly junk food can be very harmful. Even though fries taste better than liver, teens need to find a balance between health food and junk food.

The good news is that foods that used to be considered junk are now listed in the nutritious category. Popcorn, for instance, without butter or salt is really good for you. Pizza isn't so bad either. Popular pizza toppings include a lot of protein foods.

Clockwise-Lee McKinney stocks up on his supply of candy bars. Cafeteria lunches include a variety of snacks in addition to a well balanced meal.

..... TO FITNESS

Recently the fitness fad has swept the nation. Everybody, including teenagers, has been trying to get into shape it seems. Fitness clubs, exercise groups and new diet plans have sprung into popularity almost overnight.

Guys usually work on building their muscles while girls are busy watching their waistlines. Many girls are also interested in improving muscle tone by lifting weights.

There are several options open to students who want

to stay in shape. Many courses are offered at WHS that encourage exercise. After school sports and intramurals are an easy way to keep fit. Video tapes, cassettes and exercise programs are flooding the market now.

Most people realize that if they stay fit while they are young, they will live longer lives. Being active also improves your mental outlook. A daily workout provides the chance to relieve tension and frustration.

Some ways for students to keep fit include weightlifting, interscholastic sports and swimming. This was the first year for an organized boys winter track team. The boys formed the team at the last minute in an effort to be in shape for spring track.

YEARS AT LANCASTER

Many special events were held to celebrate Wilmington High's 25th Anniversary at Lancaster and duPont Roads. The celebration took place during the week prior to homecoming. Students, staff, alumni and parents all helped to make the week a success.

Dr. Renzulli, a talented artist from New Jersey, was commissioned to paint a colorful picture of the history of Wilmington High. The painting depicted each of the four buildings that once housed Wilmington High students as well as the present building. For anyone unfamiliar with this history the four previous homes of Wilmington High are: School No. 4 on Washington Street, School No. 1 on French St., Willard Hall Building at 8th and Adams St., and Wilmington High School on Delaware Ave. Dr. Renzulli's work was on display at the Alumni Reception and orders were taken for prints at \$30.00 apiece. The money raised was given to the Alumni Association Scholarship fund.

On October 17, 1985 WHS hosted a Red Devil 5K Run. The race was sponsored by the WHS Alumni Association in cooperation with Marathon Sports and the Delaware Sports Club. Seventy participants took part in the event including two WHS students, Carol Mezzatesta, a senior, and junior, Richard White. Richard received a trophy for the male under eighteen category.

EXCELLENCE

As with the Red Devil Run, the WHS staff and Alumni Association joined forces to plan a successful Alumni Reception. Held on Friday, October 18, 1985 at the Brandywine Terrace, the reception was enjoyed by many WHS alumni. It was an evening to reminisce about the great times in the history of WHS.

The highlights of the party were informal speeches given by principal, Rudolph Karkosak and former longstanding principal, Clarence Fulmer. Dr. Richard DiBlassio's band provided popular music as well as the oldies but goodies for some dancing fun. A slide show and candid pictures of life at WHS were available for all to see. Dr. Renzulli's painting was also on display and orders for prints were taken. The money raised that night went to the Alumni Association scholarship fund.

Alumni Patrons have also been very generous to the Cherry & White yearbook by donating funds. These donations help the staff in their efforts to make each book special. The Alumni Patrons this year are: Peter Grandell, Lorraine Armstrong, Betty Fields, Sharon Orsini, Ellen Albanese Harrison, James M. McThery, Robert P. Corrie, Sr. and Harry Levin. The yearbook staff greatly appreciates the donations from the Alumni Patrons.

HER SUPPORT HELPED US SUCCEED

Ms. Helen Doherty

Ms. Doherty, guidance counselor for the class of 1986, professionally dedicates countless hours of work toward the success of the senior class.

Ms. Doherty was born in Wilmington and graduated from Ursuline Academy. She received her Bachelor's Degree from the College of New Rochelle and a Master's Degree from Villanova University. Ms. Doherty taught second grade for one year before going to Ursuline to teach math and become a counselor. In 1971 she went to Conrad High School and

then came to Wilmington High School in 1978.

With her imaginative sense of humor and her varied interests, Ms. Doherty is a fun person to be around. It is this reason that many seniors have enjoyed having her for their counselor. Many students will miss hearing stories of her softball and basketball games, seeing some of her outstanding photography, and talks of vacationing at Cape May. For all of the help she has given over the years, the Cherry and White is dedicated to Ms. Doherty.

The WHS marching band was very eager to start this year right. The band went away to band camp for a weekend to drill their members and prepare for the marching season. The band set a goal to attend the Middletown Competition and they succeeded. At a competition the bands are judged on their performance and appearance and they're given some pointers to better prepare for competition in the spring. The band performed every Saturday at our football games and marched in the Polaski Day Parade and the Christmas Parade. They also kicked off the Salvation Army's Christmas kettle drive.

BAND FRONT

The band front works with the band year round. Their adviser, Ms. Kelly Ford, helps to create routines to be performed during the field show at football games. Band front begins in the spring with try-outs. Everyone must try out unless they are a senior and have been on the corps for three years. At the end of the summer the girls begin preparing for the shows. They also march with the band during local parades. In the spring the band front gears up for a trip or competition. It's a lot of fun, and a lot of work.

NEWSPAPER

The WHISP began in 1918 and continued production for some time before it dropped from existence. In September of 1984 Mrs. Madden, sponsor of the newspaper, resurrected the WHISP. She and Ms. Peterson worked together that year with a total staff of only three students. This year Mrs. Madden continued her work for the paper and was very pleased to see her staff grow to ten students. She hopes that interest will continue to grow in future years. The staff meets for one class period everyday to produce three publications a year.

1st Row-J. Pinder, A. James, D. Darrell. 2nd Row-J. Winter, L. Chinski, D. Crisden, R. Jackson, Mrs. Madden.

PHOTO CLUB

The purpose of the Photo Club is to perpetuate student interest in photography as a preparatory step for post high school careers or as a hobby. Only those students who successfully participated in Photo I and II classes are selected for membership. The Photo Club students photograph many school activities. These events include homecoming festivities, sporting events, club activities, outstanding student achievements and slides for orientation. The photographers occasionally assist the WHISP and the Cherry & White.

HONOR SOCIETY

The Honor Society consists of students who carry a minimum of five academic or business credits a year. They also must maintain an average of 3.2. Honor Society students are inducted twice a year on the basis of their cumulative average as well as service, leadership and character. This group met with their sponsor, Dr. Miller, to organize and plan trips and other events.

DECA/JA

1st Row-B. Baldwin, R. Hopkins, A. Serrano. 2nd Row-T. Donlon, M. Agostini, D. Alexander, M. DiFrancesco, C. Mezzatesta, C. Connor, M. St. Cyr. 3rd Row-Mr. Froelich, R. Benson, D. Miles, J. Lloyd, T. Harris.

Distributive Educational Clubs of America and Junior Achievement are organizations which prepare students to become the future leaders in the marketing field. This year our chapter had two students attend the North Atlantic Conference in Boston, Massachusetts. Led by President, Charmayne Burke and the other officers, the students prepared hard for the state competition in March. Their goal is always to bring many awards home to WHS.

FHA/HERO-CHILD

The 30 member Future Homemakers of America/Home Economics Related Occupations club is a service oriented organization. Their theme for this year was based on childcare. The club held the annual Christmas party for the pre-schoolers and visited the elderly at various nursing homes. FHA/HERO

week was held from February 10th through the 14th. The week's events were designed to publicly advertise their service activities and gain recognition in the school. The group's biggest job each year is to raise enough money to go to the annual state competition. Last year eight members won awards.

1st Row-M.J. Testa, D. Wright, S. Sierra, C. Hardin, L. Dean. 2nd R. D. Woods, M. Clark, C. Smith, A. Wanamaker, J. Demonio. 3rd Row-K. Roberts, H. Todd, D. Carter, R. Brown, V. Helm, R. Briscoe, P. Mason, N. Brown, Mrs. Allen.

STUDENT COUNCIL

The Student Council's big project for the year was entering the Standards of Excellence competition sponsored by the Delaware Association of Student Councils. Spirit Week, homecoming, the Halloween costume contest, and the Christmas door decorating contest were just a few of the school related activities they sponsored.

STAGE CREW

The WHS Stage Crew, sponsored by Mr. McMullen, was busier than usual this year. Other than their regular duties of preparing the auditorium for assemblies, the crew prepared all of the props for the play "Teen High Terror." This

took many extra hours after school and some nights to finish. It can be a confusing task to learn all of the buttons and switches on the light and sound boards in the auditorium and this group of students has been a tremendous help to WHS.

AUDIO-VISUAL

This small group of students is essential in helping the faculty complete their well prepared lesson plans. The Audio-Visual crew delivers equipment requested by the staff to be used in

their classrooms. They also set up the sound systems used for pep rallies and football or basketball games. Often one can find these boys working with the stage crew on a project.

Mr. McMullen, B. Herold, T. Green, R. Johnson

MATH LEAGUE

The Math League consisted of fifteen students this year. These mathematically inclined people participated in a nationwide competition. The league met once a month for five months to enhance their skills in math. The group competed against Caravel, Middletown and Dickinson. Dr. Isabel Miller, their sponsor, was very pleased with the league's success.

1st Row-C. Schiavoni, A. Bowers, S. Scarborough, D. Zecolla, D. Smith, S. Duffy. 2nd Row-M. Duffy, R. Ortiz Skibicki, K. White, J. Garcia, P. Donnelly, C. Spadea. 3rd Row-M. Devillers, K. Kwiatkowski, J. George, J. Skibicki, D. Darrell, V. Prosceno, C. Edwards, A. Davis, K. Zawicki.

DRAMA CLUB

This year marked the return of the WHS drama club. Sponsored by Mr. McMullen and Mr. Casey, the drama students had a very successful year. The first production of the year was the mystery "Teen High Terror" written by our

own Mr. William Casey. The play drew a large audience and we look forward to future productions. The students worked many long hours after school each day and they hope that as interest grows, so will the club.

1st Row-Mr. McMullen, N. Maccari, V. Turner, D. Rodriguez. 2nd Row-S. Bell, K. Charles, M. Ferretti. 3rd Row-Mr. Quade, Mr. Casey, D. Pini, W. Blevins, B. Comegys.

FHA/HERO-FOOD

Vocational Industrial Clubs of America and Future Homemakers of America are the two groups of students who prepare and serve lunch each day in the Devil's Den. the purpose of both these clubs is to allow WHS students the chance to explore all aspects of food service. Preparing the food, serving it and cleaning are the three main areas of concentration in

food service. All of the student's fun is not necessarily in school. Like many clubs, these students go to a conference to compete in their areas of training. The VICA conference was held in Bethany Beach, Delaware and the FHA conference was in Wilmington. The events in the competition included preparing and serving meals and participating in job interviews.

PEP CLUB

Sore and raspy voices are some of the symptoms of a rowdy Pep Club and WHS certainly has that! The Pep Club gathers at every boy's varsity basketball game and they help the cheerleaders encourage the team to victory. The members wear red or white shirts and wave pom-poms or WHS pennants. This club is open to any student, just get in touch with the sponsor, Mrs. Kay. Those club participants with perfect attendance are admitted into an away game free.

1st Row-J. Torres, R. White, S. Bell. 2nd Row-M. Glaze, D. Fischer, T. Boyd, C. Edwards, C. Coverdale. 3rd Row-T. McCarron, I. Bacon, J. Ellzy, C. Chambers, K. Collins, A. Davis.

SADD/SAC

The Student Advisory Committee serves as the sponsoring group for Socio-Drama, Peer Counseling, Juvenile Awareness, Alateen and Students Against Drunk Driving. This group attempts to identify special student needs and sponsor groups to meet those needs. The members of SADD held a ghostout in December of this school year to signify the numbers of people who are killed by drunk drivers each day.

This organization, under the sponsorship of SAC, consists of concerned students who receive twenty hours of training in psychology and counseling techniques. They then use this training to assist in helping with problems. The

counselled student usually requests help or is identified as having problems which interfere with success in school. Peer Counseling students assist as individuals, in groups or by referring the student to community resources.

SOCIO DRAMA

The Socio-Drama students have both an interest in acting and helping their fellow students find alternatives to behavior which is causing them problems at home or in school. By giving classroom presentations the students show their peers ineffective behavior. They then allow the students a chance to act out other behaviors to see how it effects the outcome of the situation. In general these WHS students help others see new courses of action.

JDG

Jobs for Delaware Graduates is a private non-profit corporation sponsored by Jobs for American Graduates. The students are taught pre-employment skills for reference in future employment. Students raise money for social activities planned to help prepare the JDG students for future jobs. The objective of this organization is to make the students aware of their capabilities and skills. To reach their objective JDG stresses leadership development, career preparation and civic and social affairs.

SHOW CHOIR

The WHS Concert Choir and Show Choir had a new slogan this year: Singing With Excellence-Striving For Perfection. The choir was smaller than usual because of scheduling problems. Many students would eat a short lunch then go to rehearsal. Dr. DiBlassio felt that even with the problems the group faced, they still met his standards. The students really gave some exciting performances with their new additions such as

guitars, robes and the piano. The Show Choir added another dimension to their concerts. This group performed some dancing and special effects along with the singing. Both choirs have taken trips in past years to participate in choral festivals. It is hoped that this can continue as it gives the students a chance to get acquainted with other cities and choral programs from other schools.

JAZZ BAND

The 1985-86 Jazz Ensemble consisted of five brass players, seven saxophonists and four percussionists under the direction of Mr. John Zimny. The Jazz Ensemble practiced diligently everyday and mastered a wide repertoire of old standards as well as many modern tunes. This year's performances included kicking off the United Way campaign, the annual WHS Spring Concert and playing "oldies" for the elderly at several senior centers.

YEARBOOK

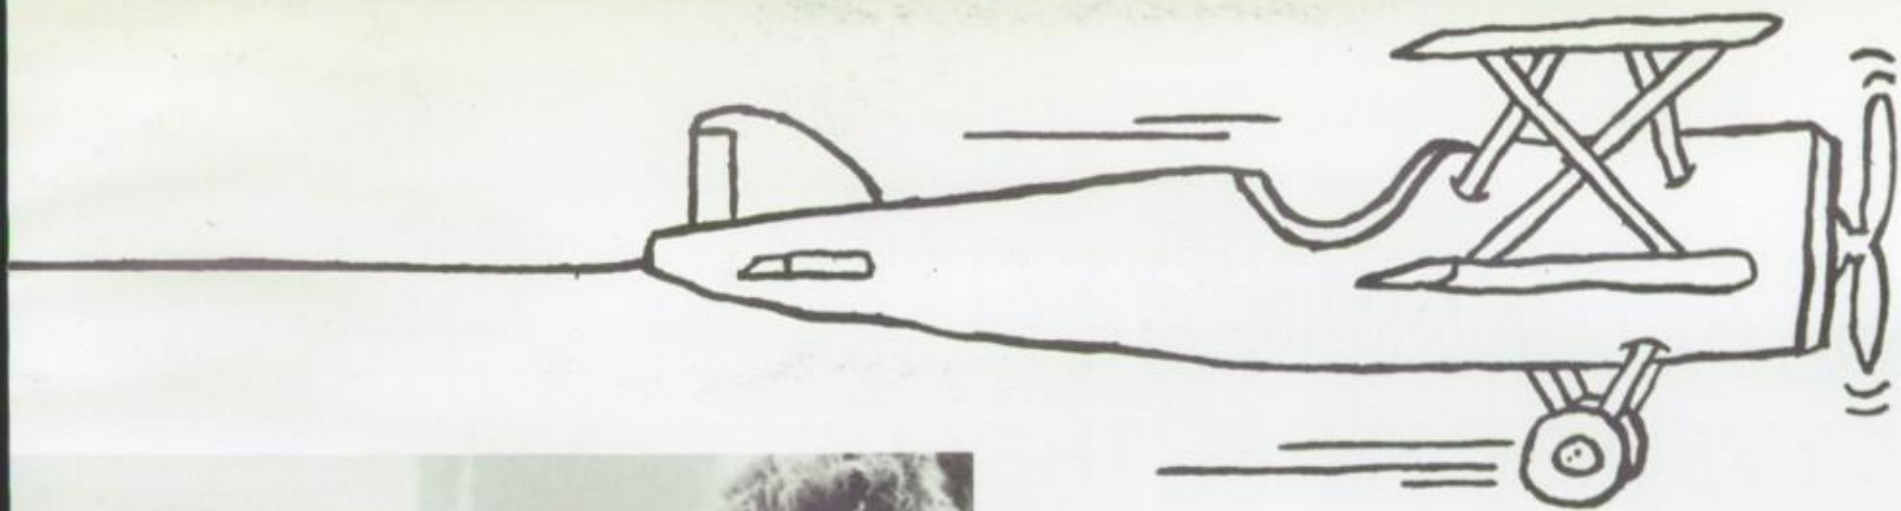

The eleven staff members of the Cherry and White met everyday to produce the 1986 yearbook. Their goal this year was to create a book that appealed to every student and told the complete story of the year. The group raised money that will hopefully be able to be used for special effects in future books. Along with selling hundreds of

candy bars, they sponsored a Beach Party Dance and a magazine sale. The 1985 Cherry and White was awarded a second place certificate in the American Scholastic Association Press Yearbook contest. Each year the book improves as the staff learns more about what makes a professional yearbook.

ACADEMICS

ACADEMICS

THEY'RE NOT WHAT THEY USED TO BE

The term academics has taken on a new meaning over the years. Now it includes a wide variety of electives. Being able to choose electives is one of the best things about being in high school.

WHS has a very diversified business department. Students can take typing and shorthand courses for personal use or join the WOLT (Wilmington Office Lab Training) or the Co-Op programs. Both of these courses prepare students for jobs after high school.

The home economic

field isn't just for ladies anymore. Many boys are joining the girls in the cooking classes and working in the Devil's Den. Sewing and interior design classes are also open to all WHS students. Making your own clothes is an economical way to expand your wardrobe.

Art classes now include photography and wood crafts as well as drawing and painting. More and more students are taking the foreign language courses that are available. Music classes aren't just for those who are experi-

enced. Piano and guitar lessons are offered to everyone.

Wood shop, metal shop and drafting classes provide students with skills that might be helpful when seeking a job.

Two journalism classes, the newspaper and the yearbook, are open to students who are recommended by their English teacher. Journalism students learn how to interview people and write articles as well as design layouts.

Above middle-Mr. Hollis teaches sophomore Rocky Testa how to use a torch in metal shop.

Above-Brenda Faulkner works on her project in sewing class. *Right*-Mike DiFrancesco practices diligently in guitar class.

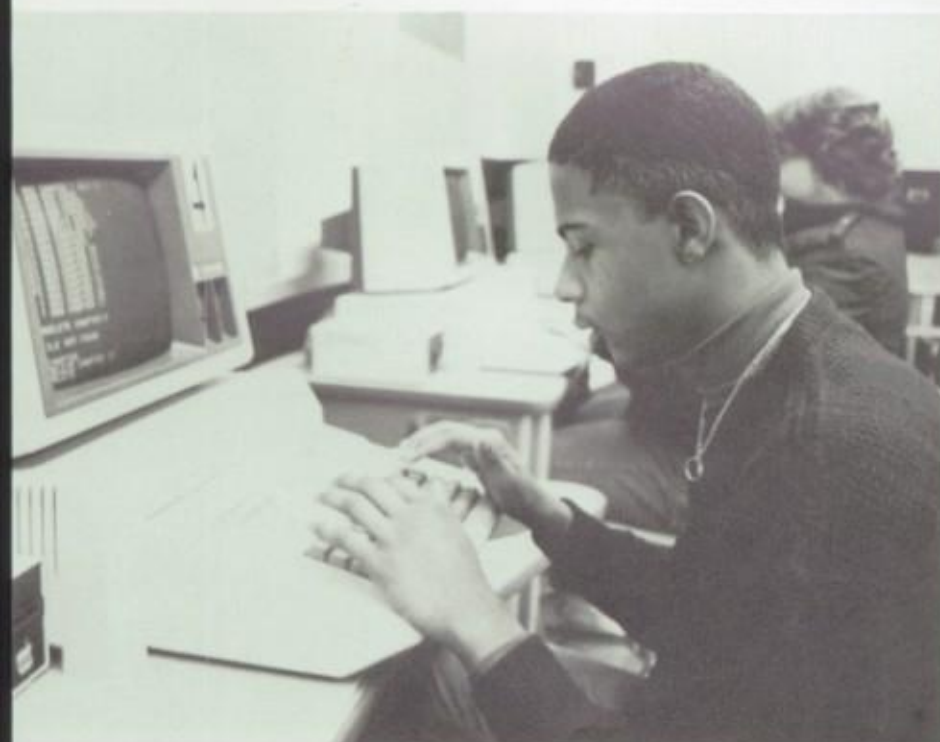

Left-Elective courses can be exciting and useful for future endeavors.

Below-Ricky Pennewell uses his newly learned skills on the jig-saw in woodshop.

Above-Difficult maneuvers are practiced by Driver's Ed. students.

Above left-Computer courses at WHS are becoming very popular as more businesses are using them.

Right-Quiet moments during the school day are just the ticket for extra study time.

Right-Every class of Mr. Ray's is another adventure in history. *Below*-French class provides the chance to explore another country through its language.

Above-Senior Carol Seraphin spends extra time in the library to finish her homework.

Right-Science experiments add life to textbook reading.

ACADEMICS

REQUIRED COURSES TAKE A NEW APPROACH

Incoming freshmen now need 20 credits to graduate instead of the 19 credits previously needed by graduates. This requires all students to take three math, two science, four English and three history classes in addition to one health and physical education class.

Science seems to be the least monotonous for most teens. There are labs to do, for instance, watching mold grow on food and dissecting worms. Blood typing is always an interesting lab. Amid the cries

and yells of terror from students having their fingers pricked, lies the discovery of each student's blood type.

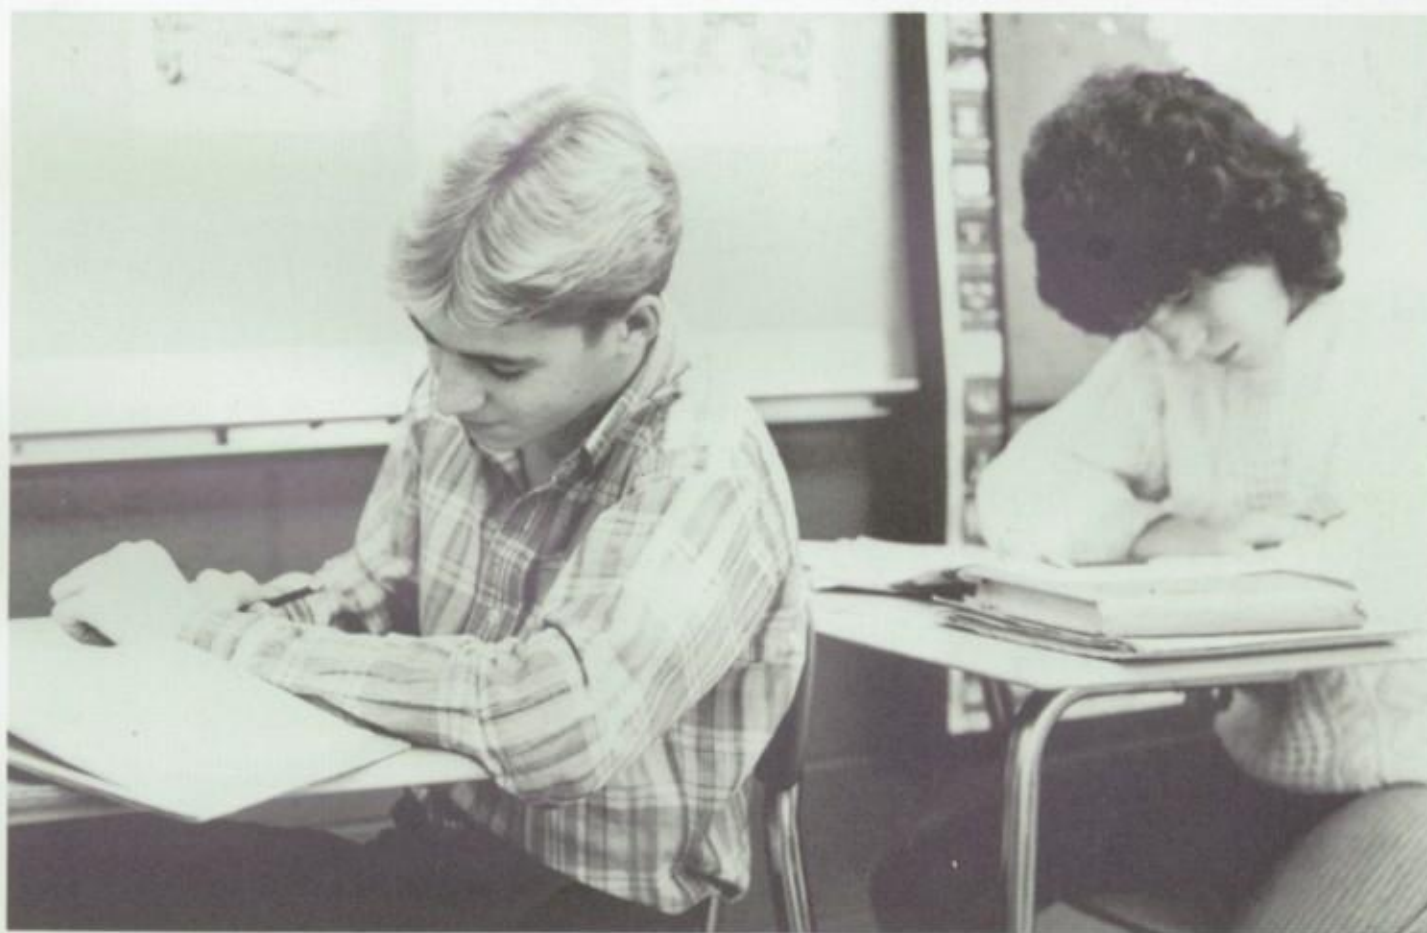

Modern technology allows students to study English literature by visual means as compared to just reading the book. This provides a better understanding of the storyline in a book, or even a new interpretation.

What's the best way to see the world without leaving your seat? Probably most people would say a history class gives that

opportunity. All that is learned doesn't come just from the textbook either. Current events are discussed on a daily basis.

The math department provides a lot of variety for their students. The choices range from business math to trigonometry. Basic skills classes are also an option.

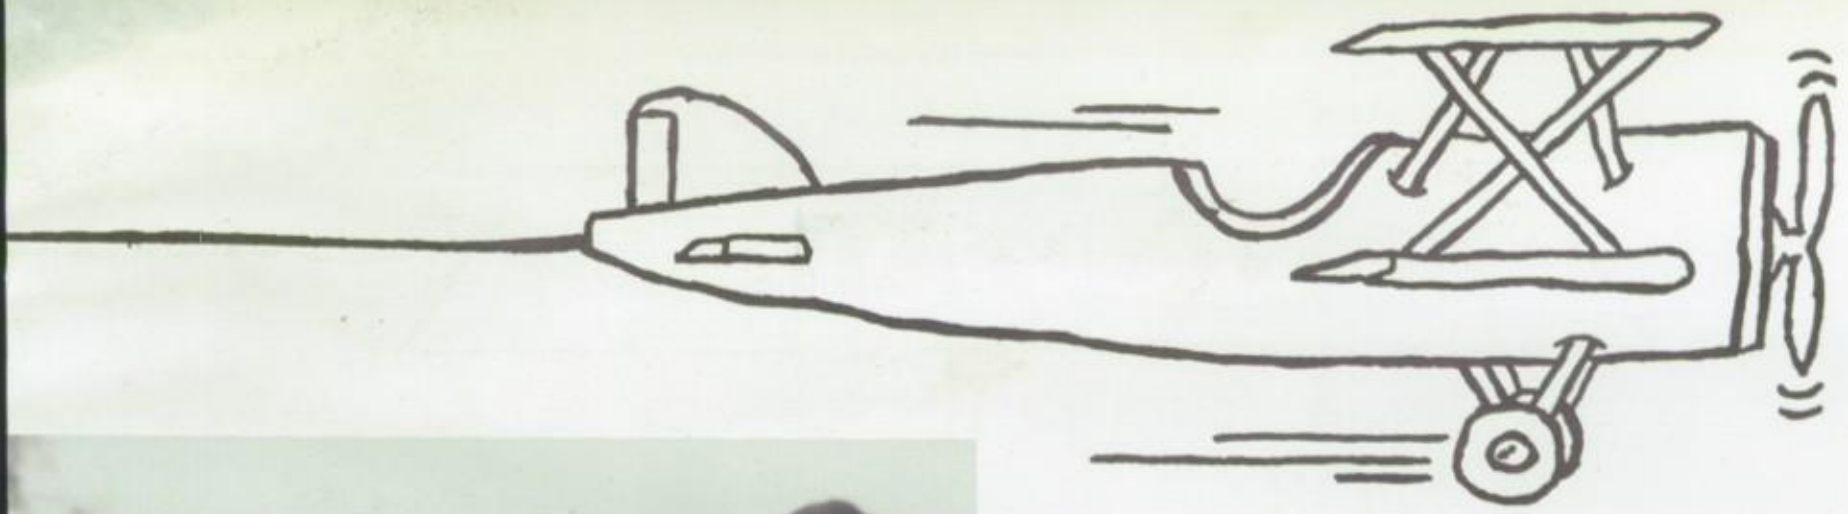

As schools get back to the basics of teaching, the faculty goes to great lengths to combine a good education with fun and interesting projects.

Students spend a lot of time reading the newspaper to keep up with the events of each day.

SPORTS

BATTERS BATTLE FORWARD

Red Devil baseball coach, Peter Ferrario, stated that he and the team were very disappointed in the '85 season. Plagued with the usual weather problems, the team was inconsistent in their playing. Fortunately their spirit was contagious as the boys encouraged each other to improve their skills. Mike DiFrancesco and Deli Pini were considered to be the most talented players on the team. Many of the boys play together on a summer league and with the added practice they expect to take Flight B in '86. Coach Ferrario appreciated the assistance from Mr. Quade, Mr. McMullen, Mr. Rossman and Dr. DiBlassio.

Mr. Poorman, the head coach of the girl's softball team, said that the '85 season was the best in four years. The dedication and playing style of the players as well as the overall effort of the team has never been matched. The freshmen were at their best and should be a large asset in the spring of '86. the girls finished the season with a hard fought record of 5 and 12.

NETTERS IN STRONG COMPETITION

The boy's and girl's tennis teams had difficult seasons in the spring of '85. Neither team's record is indicative of their relentless effort. Both teams were young and won't lose many seniors for the '86 season thus improving their chances for a better record. The Devils hope to be strong competition in the near future.

Coach Thompson felt that the outstanding male player was Butch Comegys. First seed on the girl's team was senior Lisa Casey. Bernice Pfisterer and Susan Humphrey were seeded second and third respectively.

LAP BY LAP

The '85 track team had a very good season with a team of 22 members. The team captains were seniors Andy Rash and Kenny Revell.

The running Devils worked hard and devoted a lot of effort to come close to winning the Flight B title. Unfortunately they lost one conference meet to Dickinson. The boys were nevertheless happy to place second in the conference.

Coach Ken Hall said that the track team hopes to have in excess of 22 members for the '86 season. They expect to take first place in the conference.

RUNNERS WERE DETERMINED

The WHS cross country team was a small but determined group. They ended their season with a record of 1 and 12, but their meets were lost by just a handful of points. The boys felt that with more participation they would have definitely been able to better compete with the other schools. Many of the members are graduating this spring and the team will be going through a rebuilding period next season. This will be a perfect opportunity for underclassmen to get started in a sport.

BATTLE BACK TO VICTORY

The WHS football team had a rough beginning to their season but ended with a big bang. The games were mostly defensive battles and our team had a hard time keeping the other team out of the endzone. A few of our losses were by mere points. With each game the team grew in strength and spirit. The Devils had a couple of minor injuries which made the season a little more difficult. The season ended with three strong victories. The highlight was the last game against Dickinson, a victory we were not predicted to have.

A WINNING ATTITUDE

The 1985 girls field hockey team was a determined group this year with many new participants. All of the players had a great enthusiasm both at practices and games. Team spirit and sportsmanship abounded throughout the season. Although the girls didn't have a winning record this year, they did have a winning attitude.

Early in the season the team record was 2-0 in conference games. The ladies started out strong but just didn't attain the number of goals they had anticipated. The team will definitely have a strong group of players in the future due to the high level of participation and the skills of underclassmen.

Junior, Sharon Scarborough and senior, Robin Ortiz were chosen for the first team All Conference, Flight B. Senior Carol Mezzatesta and sophomore, Jodi Smith were chosen for the second team All Conference Flight B team.

BOOTERS STILL KICKING

It was a tough season for the Devil's soccer team. Despite their record the team members felt that they had a great time and gave it their all. That's what really counts.

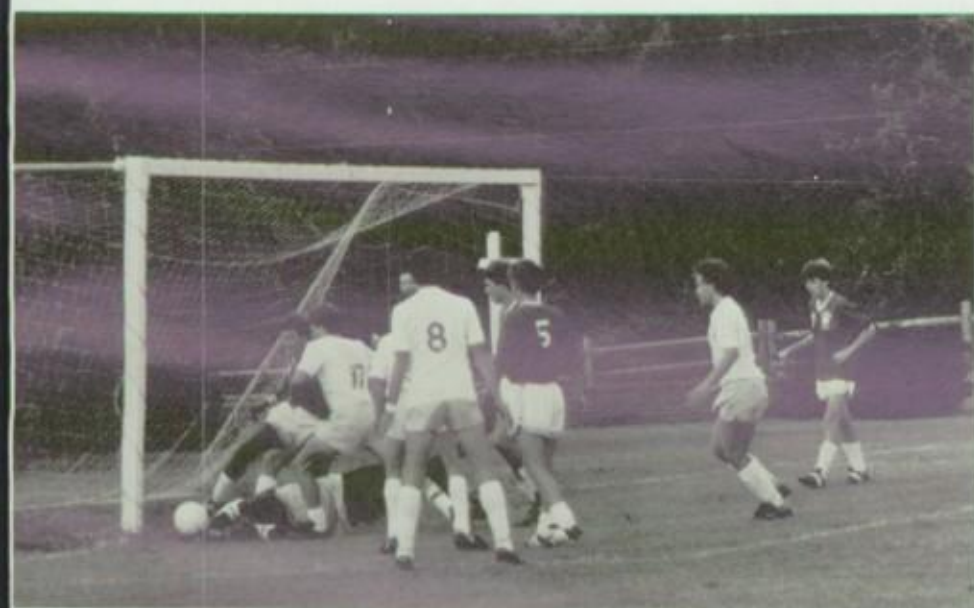

Senior, John Garcia, was selected as a member of the All Conference, Flight B third team. Coach Dick Everhart has retired after many years of coaching. The team would like to thank him for his support.

GIRLS STRIVE FOR GOALS

The volleyball team put forth great effort to succeed in the fall of '85. Unfortunately the ladies fell short of their goal to be Flight B champs. The enthusiasm and spirit helped them to strive for greater accomplishments. One of their best played games was against A.I. duPont. This game helped to prove to the girls that they are able to reach their utmost potential. Seniors, Jackie Lloyd and Dawn Gralewski made the All Conference team. The team got more recognition during the season which enabled them to be included in activities outside the regular season. The girls are ready for a really competitive year in '86.

TEAM EFFORT IS THE KEY

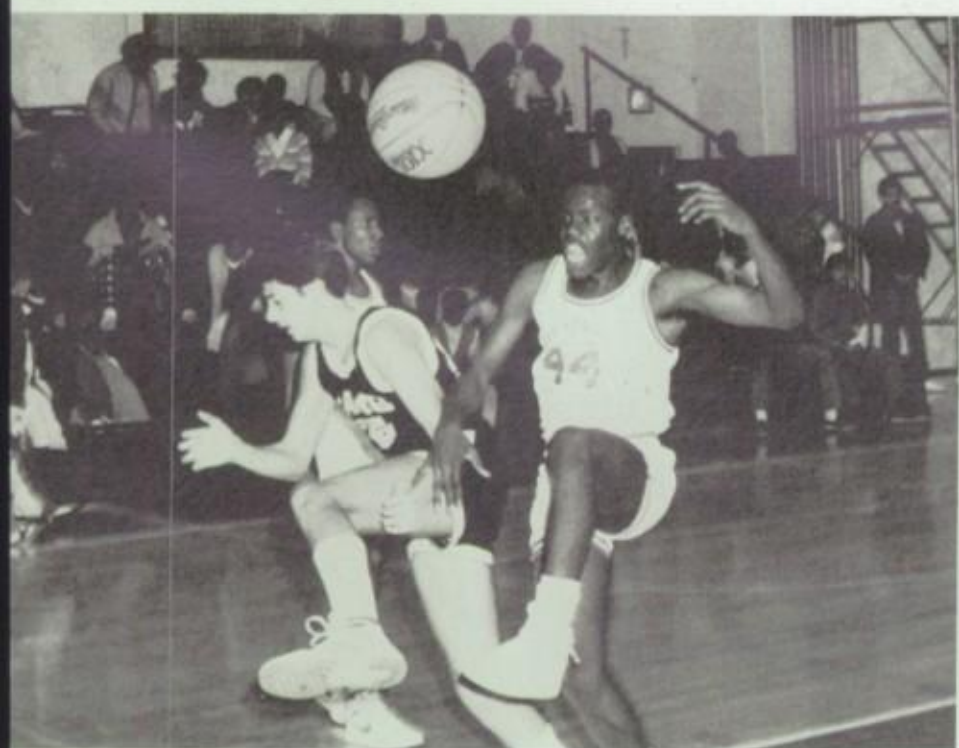

The Red Devil boys basketball team had what Coach Thompson described as a fair season. "The team could've been better if the players had had their priorities in order", he stated. Darren Tucker was nominated for the McDonald All-American team. The season needed a strong finish, with everyone thinking and playing towards the same goal. The key to a successful season is a team that plays together and isn't plagued with selfish players.

ON THE REBOUND

The Lady Devils pulled together to finish their season with a conference record of nine wins, three losses. The girls learned to work together on and off the court. This year's team had a lot of rookies. Coach Watson claimed that part of the reason the team did so well this year was because of the excellent coaching assistance he had. The girl's ultimate goal was to make it to the championship tournament and they succeeded.

ON THE BLOCKS

The Red Devil swimmers had a good season considering the number of students on both teams. Coach McMullen stated that the teams could have won every event during a meet but still lost it because of the lack of participants. Emily DelNegro, Dorothy Zeccola, Kristen Bair, E.J. Kwiatkowski, Rocky Testa, Wiley Blevins, Kevin Zawicki and Doug Darrell had qualifying times for the state competition. Coaches Stith, McMullen and Jackson were pleased with the accomplishments of individual team members.

MATMEN HAD THE MOVES

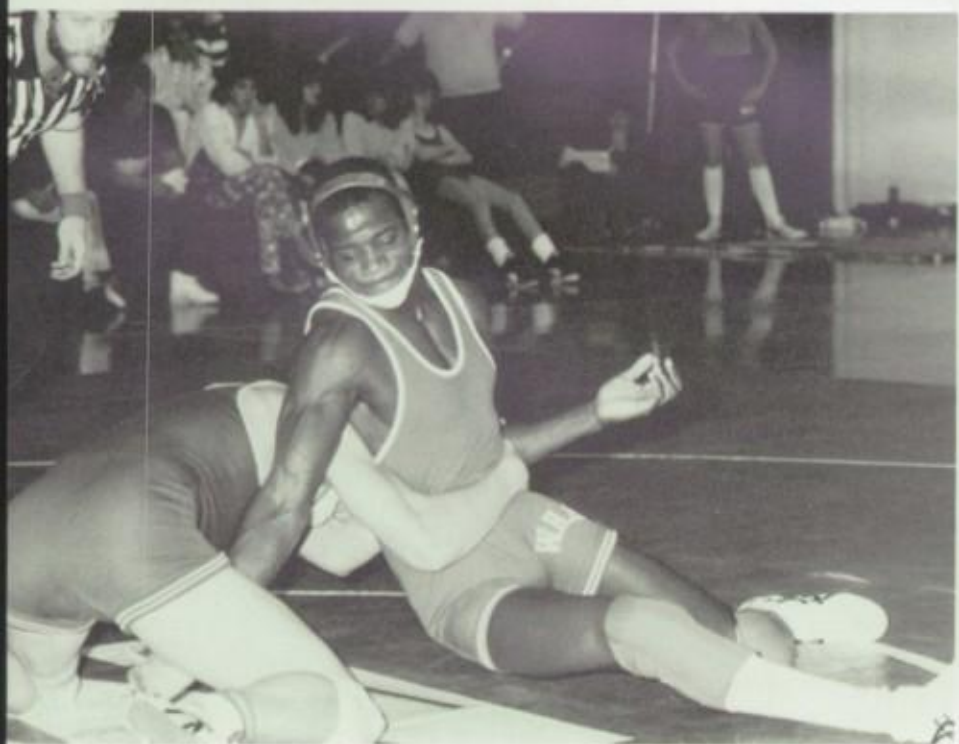

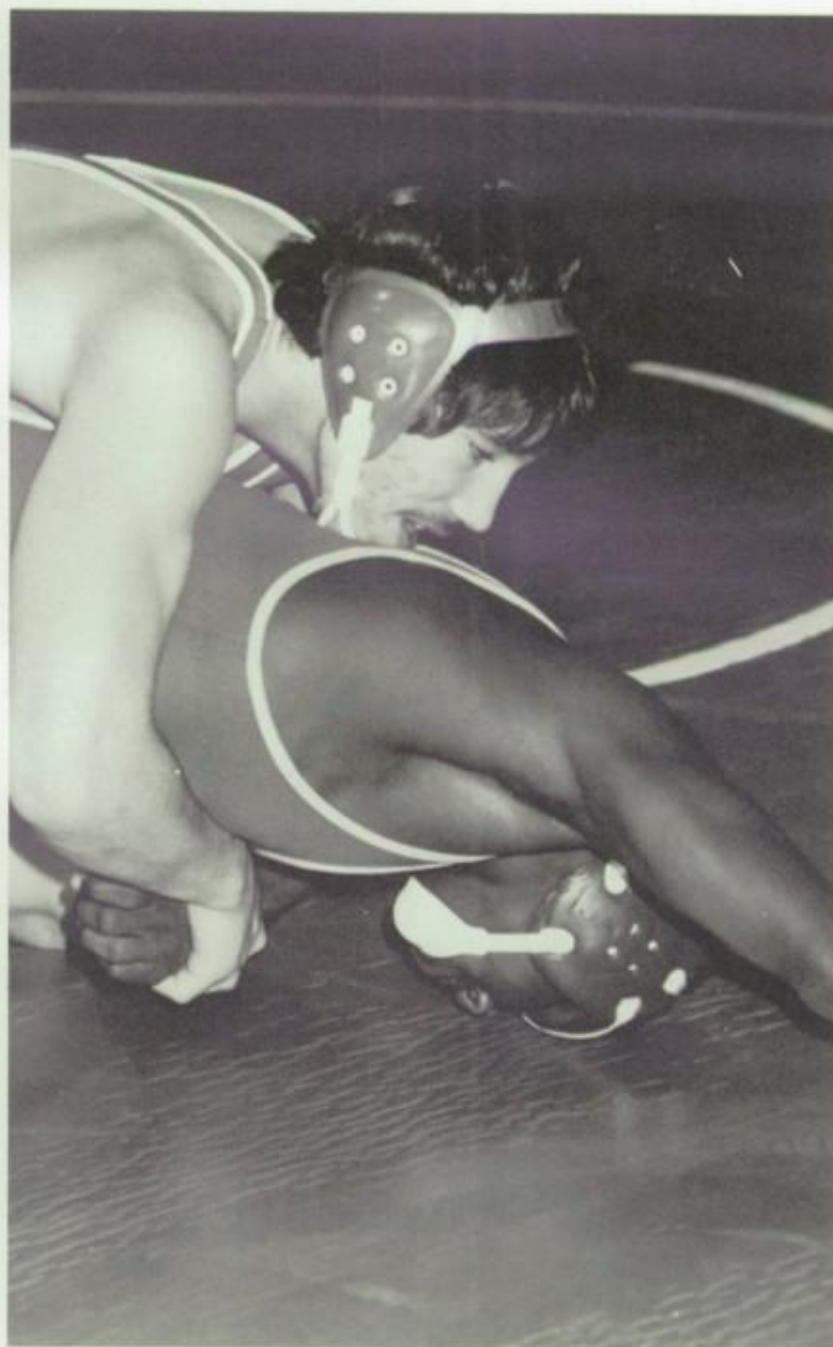

The WHS wrestling team did not have as successful a season as Coach Maurer had hoped for. The team was greater in number this year and the matmen really put a lot of effort into their season. They lost most of the matches either by one pin or because they had to forfeit the 185 pound and heavy-weight matches. The most successful wrestlers, having the most wins were Charles Blake, John Garcia, John Irwin, Mark Twyman and Mark Dougherty.

CHEERLEADERS SPARK SPIRIT

The WHS cheerleaders are a symbol of this school's spirit. They spend extensive hours practicing new routines and cheers for the football and basketball games. Despite some personality conflicts and a change in sponsors, the girls have still showed a lot of teamwork and effort. They performed many new stunts for the homecoming pep-rally. The cheerleaders don't participate in competitions or have a team record. All of their satisfaction comes from knowing that they are representatives of Red Devil Heaven and they cheer our teams on to victory.

YESTERYEAR '86

As we finish another year, anticipations have turned to memories. The high spirited freshmen have recovered from the horrors of being picked on by the seniors. They have made many new friends by now. The sophomore class received news that their scores on the 1985 statewide writing assessment test were the highest in the district.

The most academically improved class for the year was the junior class. They had the greatest number of students on the honor roll. The class of '86 was perhaps the busiest. Some seniors frantically filled out college applications while others looked into job prospects. All seniors, no doubt, have been looking forward to graduation.

Several events at WHS have made our 25th anniversary year a memorable one. In addition to the anniversary activities, our Middle States evaluation was very successful and our High School Bowl team became quite competitive, defeating Sussex Central. The play *Teen High Terror* was performed in January by our new drama club. It was the first successful play at WHS in several years.

The sense of pride felt by students and staff this year can only increase as the effort to make *Wilmington Work* continues. The future will soon be our present and things we once looked forward to have now become our yesteryear.
